ABOUT

I'm a passionate software developer with an interest in front end development, service software and game design.

EDUCATION

University of Queensland, QLD, Brisbane   **Graduating 2024**

Bachelor of Computer Science, Major in Programming Languages, Current GPA: 5.75

EXPERIENCE

UQ Industry Mentoring Program
- My Mentor: Justin Dray (Senior Security Engineer at Amazon, Inc) – 0433348284.
- Gained insights into the tech industry from mentor Justin Dray, enhancing networking skills and knowledge.

Height Perceptions – Programmer / 3D artist
- Worked with a small team to develop a virtual reality experience using Unity / Blender.
- Learned how to work in a fast-paced environment and collaborate with industry partners to meet client goals.
- Collaborated using Agile methodologies.

Woolworths – Service Supervisor   **Nov 2019 – June 2023**
- Developed leadership and communication skills through team management and customer interaction.

Umart – Customer Service Officer / PC Technician   **June 2023 - Current**
- Enhanced technical troubleshooting skills by diagnosing and building custom PC systems.

PROJECTS

TransLink Live Service Command Line Tool
- Developed using Node.js to fetch and display live data on Brisbane bus lines, enhancing user accessibility to real-time information.

Retail Computer Website
- Created a retail site using HTML, CSS, and JavaScript, demonstrating front-end development skills and responsiveness.

3D Voxel Engine
- Hands-on experience with rendering techniques and understanding how 3D graphics are constructed.
